

## Work Experience Update

1. If you have not returned the reply form either electronically or through the paper copy that gives your consent and the choices for work experience for your child, then please can that be done as soon as possible.
2. Confirmed placements will be emailed to students, parents and employers in the next few weeks with instructions on how to use Unifrog for the health and safety risks. The majority of placements will be fine as they are low risk and covered by the company's public liability insurance.
3. We are in the process of confirming placements and matching them to the students interests as far as possible but if you know of someone who could offer a place then that would be brilliant, and you would just need to email me their name and contact details so I can pursue this further.

With many thanks

Mrs Louise Laxton
